## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lake View Middle School incorporates grades five, six, and seven. We believe our entire school had a very positive and productive year during 2008-2009. Lake View Middle has implemented a number of programs and activities in order to improve PASS readiness and scores.

Our students were involved in many activities that were of benefit to them and the community. One such service-learning project was the Pennies for Patients fundraiser. Activities were conducted to raise money for cancer research. Participating in St. Jude Math-a-thon, students were able to improve math skills and raise money for St. Jude Hospital, which treats seriously ill children at no charge. We also participated in the March of Dimes programs.

Our Academic Challenge team participated in many competitions with area schools. Their performance was a credit to our school and community. We implemented The Balanced Literacy Model to improve our reading scores.

Forty-five of our 180 students were enrolled in the after-school program this year. This program provided additional instruction, which enabled students to perform better in the classroom.

Our Family Night Program was very successful. Using standards-based instruction, our students and parents completed many different projects this school year. These activities and programs have helped create a positive and inviting atmosphere for the parents and students.

At Lake View Middle, we continuously strive to create a climate of academic excellence for our students: "No Excuses, Striving for Excellence."
